About Ras Al Khaimah

Meaning “top of the tent” in Arabic, Ras Al Khaimah (RAK) is the northernmost of the seven Emirates that make up the United Arab Emirates (UAE). It is known for its rich history, dating back 7,000 years, and diverse landscape, with 64 km of pristine beaches, terracotta deserts, and an imposing mountain backdrop. The Emirate is home to the highest peak in the UAE, Jebel Jais, which features the world’s longest zip line at almost 3 km.

Previously known as Julfar, Ras Al Khaimah covers an area of 2,478 square kilometers, making it the fourth largest emirate in the UAE. Historically, Ras Al Khaimah supported fishing, pearl diving, and copper smelting communities. Ras Al Khaimah has a moderate climate for roughly eight months of the year, usually between October and May. The other four months are hot and humid. It is generally between 40-47°C in summer, while winters are pleasant, with temperatures averaging 18-26°C during the day. Winters generally see irregular rainfall, which can be accompanied by minor street flooding.

Ras Al Khaimah shares its border with four other emirates (Sharjah, Fujairah, Umm Al Quwain, and Dubai) and the Omani enclave of Musandam. A network of highways connects Ras Al Khaimah to other emirates, and the city center is only an hour’s drive from Dubai and three hours from Abu Dhabi. Ras Al Khaimah is also centrally located at the modern crossroads between Europe, Asia, and Africa, with one third of the world’s population within four hours’ flying time. His Highness Sheikh Saud bin Saqr Al Qasimi has been the ruler of Ras Al Khaimah since 2010 and is dedicated to making Ras Al Khaimah a vibrant home for both Emiratis and expatriates from around the world.

Today, His Highness and the government have fostered a diverse and expanding economy. Notable sectors include industry, tourism, trade, real estate, cement, and ceramics. As a testament to the emirate’s evolving economic, social, and cultural opportunities, Ras Al Khaimah has enjoyed an increase in its population over the past few decades. The Sheikh Saud bin Saqr Al Qasimi Foundation for Policy Research created this guidebook as a catalogue of the emirate’s offerings as a tourist destination, industrial and business center, and family-friendly community. It is our hope that this resource enables all Ras Al Khaimah residents to fully engage with the local community.

Arrive early to catch the excitement and energy of this lively tradition.

Rounding

Rounding is a local custom in Ras Al Khaimah where residents cruise through the streets, hopping between teashops and cafeterias in search of the perfect cup of karak tea and good company. It's an experience that blends tradition, socializing, and a love for local flavors. Old Ras Al Khaimah is a prime spot for rounding, with its scenic views along the Corniche and a relaxed, historic atmosphere.

"Old Ras Al Khaimah is a beautiful part of the city that takes you back in time. The sea view from old Corniche is something else." - Derick Zeeno

Getting around RAK

Taxis

It's quite easy to catch taxis from major spots like malls and hotels; however, if you're in a less busy area, call a local taxi company. To book a taxi from anywhere in Ras Al Khaimah, dial 800 1700. Alternatively, you can book Hala RAKTA taxis through the Careem app.

Public Transport

Ras Al Khaimah Transport Authority (RAKTA) offers public bus services throughout the Emirate, connecting key locations and linking remote areas to the center of Ras Al Khaimah. The bus fare is 8 AED, payable with a Saqr Card.

For the latest information about city buses, visit the RAKTA website: www.rakta.gov.ae/public-transport.

Currently, there are four routes:

Red Line: Al Nakheel to Al Jazeera Al Hamra

Blue Line: Al Nakheel to the Sha'am area

Green Line: Al Nakheel to RAK Airport

Purple Line: AURAK to Manar Mall

For intercity buses to other emirates, tickets can be booked using the Sayr App.

Owning a Car

Buying a car

If you plan to buy a brand-new car, Ras Al Khaimah has several car dealerships to choose from. You will need to provide proof of salary and a no-objection letter (NOC) from your employer. Alternatively, you can explore a wide range of used cars available on platforms like dubizzle.com. Be cautious and watch out for potential scams when buying second-hand vehicles.

Vehicle Registration

The Ras Al Khaimah Transport Authority (RAKTA) oversees road and transport regulations in the emirate. To drive legally, vehicle owners must register their cars with RAKTA. This process involves obtaining a new vehicle registration permit, which ensures compliance with local laws.

Shamil Car Registering

If you purchase a used car, it must be registered at Shamil Car Registering. The process includes a mandatory inspection to ensure the car meets safety and regulatory standards, as well as verification of insurance and required documentation.

Driver's License

The Department of Traffic and Licensing in Ras Al Khaimah handles all driver's license applications. If you already hold a valid driver's license, depending on the country of issuance, you may be able to convert it into an Emirati license by paying a fee. If it's your first time driving, you'll need to enroll in driving classes. Driving academies are available across the emirate.

The Department of Traffic and Licensing is part of the RAK Police and assists applicants with inquiries about driving licenses and related services.

Salik

If you plan to drive in Dubai, be sure to purchase a Salik tag for your car, available at any gas station. Salik works like a toll pass and is required to pass through toll gates. Without it, you may incur fines.

Darb

If you plan to drive in Abu Dhabi, you'll need to register for Darb, Abu Dhabi's road toll system. Similar to Salik in Dubai, Darb tolls are charged when passing through specific toll gates. Drivers must register and maintain sufficient funds in their Darb account to avoid fines.

Education

Ras Al Khaimah is home to over 100 schools and early education facilities. Approximately two-thirds of these are public schools operated by the government, while the rest are private schools. Public schools follow the standard Ministry of Education (MoE) curriculum, with Arabic as the primary language of instruction. Private schools, which primarily follow British and Indian curricula, cater to both local and expatriate population.

Ras Al Khaimah Department of Knowledge (DOK)

Established in 2023, the Department of Knowledge in Ras Al Khaimah (DOK) is a government entity that is responsible for the regulation of private schools in the emirate.
